3. Basic University Terms

■ Student ID Number 학번

Your Student ID number is important. Be sure to remember it as it will be frequently asked/required during your university life.

■ Course Credit 학점

- A. One credit is equivalent to one hour of a course taken per week.
- B. Students should register for 8 semesters over 4 years and achieve minimum **120 credits** to meet the graduation requirements. A course credit is set according to class hours of each course. A failed course will not be counted as earned credits.

0 credit	In order to graduate, the Thesis course is needed to pass. (even though the courses bear zero credit)
1 credit	1-hour class instruction a week or each 2-hour laboratory class/ experiment class/practice class a week during a semester.
2 credits	2-hour class instruction a week or each 4-hour laboratory class/experiment class/practice class a week during a semester.
3 credits	3-hour class instruction a week or a 6-hour laboratory class/experiment class/practice class a week during a semester.

■ Course Classifications 이수구분

Liberal Arts 교양		Major 전공	
공통교양	Common Liberal Arts	전공필수	Major Required
균형교양	Balanced Liberal Arts	전공선택	Major Elective
일반교양	General Liberal Arts		

* Major courses offered by other departments will be indicated on your transcript as 타전공 (Other major).

4. Course Registration 수강신청 (January/July)

- A) Students have full responsibility to select and register for courses.
- B) Students can register for a maximum of **18 credits per semester, and 34 per year.**
- C) Students can register for a **maximum of 136 credits over 4 years.** However, if students who achieve GPA over 4.25 can register for additional 3 credits in the following semester.
- D) If seats are available, course registration will be processed on a first-come, first-served basis.

4-3. Changing Classes 수강정정

You are able to change your class schedule only during the first week of classes.

- Class Changing Website: <https://sugang.kmu.ac.kr> (same website used for class registration)
- Class Registration Period: March 4th (Tue) 8:30 am ~ 6th (Thur) 8pm
- Class Registration Method: Follow the same method originally used to register for classes

4-4. Class Registration Confirmation 수강신청 내역조회

Please make sure to double-check the class registration.

[How to confirm my class registration: EDWARD System](#) → Academics → Courses → Enrollment
→View My Enrollment

5. Course Wish List Registration 수강꾸러미

- A pre-registration wish list where you can save courses offered for the semester in advance to make actual registration easier.
- **How to apply:** EDWARD Portal
- **Application period:** Announced on the university website about 2 weeks before the course registration period.
- **Credit limit:** Up to your approved maximum credits for the semester.
- Important Notes>
 - Registering the wish list is not first-come, first-served.
 - After the wish list period ends, your major courses (within the course capacity) may be registered for you in bulk before the official registration date.
 - Adding a course to the wish list does not mean you are fully registered. Except for courses that are bulk-registered, you must register yourself on the official registration day.

6. Course Withdrawal 수강포기

- If a student determines that they cannot continue a course they have registered for, they may withdraw(drop) from (drop) the course(s) registered for that semester.
- Course withdrawal period: Mar. 23 (Mon) – Mar. 31 (Tue), 2026 (tentative); the final schedule will be announced later on the University website.
- Credits for withdrawn courses are counted toward the annual maximum credit limit.
- First-year students may not withdraw from courses that were automatically registered for them.

7. Retaking Courses 재수강

- A course may be retaken up to twice during enrollment if the course number or title is the same and the previous grade is C+ or below (including F). (If you retake a course and receive an F, that attempt is not counted toward the retake limit.)
- For GPA calculation, the higher grade (between the original and the retake) is applied; if the grades are the same, the most recent grade is applied.
- The maximum grade for a retaken course is A0.
- If a course grade is not reflected in the GPA due to retaking, it will be marked "R (Retake)" and the credits will not be counted as earned.

8. Credit Forfeiture 학점 포기

If the course has been discontinued and therefore cannot be retaken, and the grade previously earned C+ or below (including F), students in their graduation-expected semester (8th semester or later) may forfeit up to 6 credits in total during their enrollment period; the course will be marked "W (Withdraw)."

9. Grading 성적평가

■ Assessment of Grades

Scores are comprehensively evaluated by our professors who are in charge of the attendance records, assignments, and presentations of the courses.

* Students who are absent for more than 1/3 of the class meetings will automatically fail.

■ Grades and GPA

Grade	GPA	Grade	GPA
A+	4.50	C0	2.00
A0	4.00	D+	1.50
B+	3.50	D0	1.00
B0	3.00	F (Failure)	0.00
C+	2.50	P	Not calculated

■ Grades and GPA calculation

(Course grades x credits) total / total registered credits, excluding credits from withdrawn courses

10. Grade Warnings & Expulsion 학사 경고 및 제적 경고

■ **A grade warning** is implemented if students receive a GPA of 1.50 or lower.

Exception: Not given to students in their final semester (more than 8th enrolled)

■ **Expulsion** is given to students who receive 3 consecutive grade warnings.

11. Double Major/Minor 복수전공/부전공

■ Eligibility: Only enrolled students who have completed at least three recognized semesters are eligible to apply.

■ Completion Requirements

1) Double major

- Students should acquire **at least 42 credits including the required major courses from the department/major they wish to double major in.**
- If the second major requires graduation thesis, graduation examination, project presentation, or practical performance, students must fulfill the requirement.
- For completing a double major, students must earn 42 credits in each major courses (First Major 42 + Double Major 42, including required courses in both majors).
- Students must apply for a double major in EDWARD System.

2) Minor

- Students must complete the required major credits of their first major (including required major courses) and at least 21 credits of major courses from the department in which they wish to minor.

Exception:

- If a double major is not approved, students may not be able to graduate due to lack of required credits from courses in their first major.
 - Students may delay their graduation if they have already met the graduation requirements for one major but also want to complete a double major.
 - In principle, students cannot apply for a double major of a new department (major) established after their entrance year.
- Upon graduation, the diploma will list both the first major and the double major/ minor, and the degree will be conferred as a Bachelor's degree in the first major.

12. Change of Major (Transfer) 전과

A Change of Major refers to when a student changes from one department to another one.

- Eligibility: Students who are enrolled in at least their 1st semester.

Exception: Students on a leave of absence, transfer students, and students entering through special screening are excluded.

- **Transfer-in Department:** All departments except Architecture, Pre-Medical, Medical Science, Nursing Science, and Pharmacy. The Teaching Education department is only available if there is vacancy.
- **Change of Major Schedule:** Application for a change of major are conducted twice a year (April, October) and will be announced on the university website

13. Leave of Absence 휴학

The maximum duration of a leave of absence is one year (two semesters), and the total cumulative leave period shall not exceed 3 years.

* Freshmen are not allowed to be on leave of absence in their first semester

- **Application should be submitted via the International Cooperation Team.**

■ **Application Period**

- Unenrolled Leave of Absence: It is possible to apply for leave up until $\frac{1}{4}$ of the semester has passed.
- Enrolled leave of absence: It is possible to apply for leave up until the beginning of the final exam period.

■ **Alternative Acknowledgement of Tuition (대치등록)**

- Students who apply for leave of absence before $\frac{1}{3}$ of the semester has passed: Full tuition may be deferred to the next semester.
- Students who apply for leave of absence when $\frac{1}{3}$ to $\frac{1}{2}$ of the semester has passed: Half of the tuition may be deferred to the next semester.
- Students who apply for leave of absence after $\frac{1}{2}$ of the semester has passed: Tuition has lapsed.

14. Return from Leave of Absence 복학

- **Application Submission: please consult with the international cooperation team**
- Application period (January or July) will be announced on the university website

15. Drop Out and Expulsion 자퇴

1) Drop out (Voluntary Attrition)

- International Students who wish to drop out of university due to medical reasons or other reasons must apply via the international cooperation team.
* Students who have paid their tuition fee should contact Finance Team.

2) Expulsion (Involuntary Attrition)

- Students who are judged as being unable to obtain the required academic level due to medical reasons.
- Students who did not submit the application form to delay their leave of absence, or did not register within a certain period after the end of the leave of absence
- Students who entered another university (Students should submit drop out form)
- Students who did not enroll within a certain registration period
- Students who are to be expelled due to grade warnings
- Students who are to be expelled due to disciplinary action

16. Readmission 재입학

- **Eligible applicants:** students expelled due to not registering, students expelled due to not returning from leave, students expelled due to grade warnings, students who dropped out voluntarily, etc.
Exception: students expelled due to grade warnings may not readmit in the same semester.
- **Schedule:** Notices about readmission are released every semester (first week of January or July), and a detailed notice is released in late June and December on the KMU website
- Application should be submitted via international cooperation team
- **Standard for Permission of Readmittance:** Only if the previously enrolled college, department, or major can allow a vacancy. If the previously enrolled major is abolished, students are allowed readmission to similar majors through submission of a petition.

17. Early Graduation 조기졸업

Early graduation is reserved for high-performing students. These students receive permission to shorten their learning period and graduate early.

■ Qualifications

- Students, who completed 4 years' worth of courses and have completed over 6 semesters with an overall GPA of 4.25 (including withdrawn credits) and who exceeded the credits required for the graduation. The final semester's grades should be included. However, **students who have received any F credits cannot apply for early graduation.**

- **Eligible Applicants:** All students except those who transferred or were re-admitted
- **Procedure:** Students should apply for early graduation in the EDWARD System within 30 days of the beginning of the prospective graduation semester.
 - ※ Students who applied for early graduation but failed to satisfy graduation requirements must enroll in the next semester.

18. Graduation Deferral 졸업유예

- Students who meet graduation requirements may defer their graduation.
- Students must apply for graduation extension via the EDWARD System, and receive approval.
- The tuition fees of students who received approval for graduation delay will follow the Credit Registration System explained below.
- Students may extend their graduation a maximum of two times.

19. Low (1-9) Credits Registration 학점등록

- **Eligibility:** Students who have completed 8 semesters but have not met the graduation requirements, or students who have applied for a graduation deferral, provided that the number of credits registered for course enrollment does not exceed 9 credits.
 - **Credit Registration Procedure**
 - Students must apply for credit registration during the designated period via the EDWARD System.
 - Even if students who have applied for a graduation deferral have no courses to register for, they must register for at least 1 credit per semester.
 - Credit registration fee: Credits of courses x (Total tuition fee x 1/20)

20. Electronic Attendance Check 전자출결

The Electronic Attendance System is an **automatic attendance management system** that utilizes **mobile applications and Bluetooth technology**.

■ Mobile App installation

Search for “**Keimyung University Electronic Attendance**” in the **Google Play Store** or **Apple App Store**, and install the application.

■ Attendance Check Procedure

- Before entering the classroom, install the Electronic Attendance App on your smartphone.
- After logging in, check the app to confirm whether your attendance has been automatically recorded according to the professor’s attendance check.
- When the professor presses the [Automatic Attendance Check] button, attendance is processed automatically via Bluetooth communication between the professor’s and students’ mobile devices. Once attendance is successfully recorded, the message “Your attendance has been recorded.” will appear.
- If automatic attendance is not recognized, a [Check Attendance] button will appear on the main screen of the app, allowing students to manually record their attendance.

- iPhone (iOS) users must perform a screen swipe action in response to the push notification to receive attendance confirmation (not required for Android users).
- **If an attendance error occurs, students must immediately request a correction from the professor during class time.**

21. Others

1) Modification of Personal Information on the EDWARD System: (<http://portal.kmu.ac.kr>)

- EDWARD System → System (공통) → Common Services (시스템 공통) → Settings (환경설정)
- Important notices from the KAC Office or other university offices will be sent to your email or mobile phone via text message. Please make sure to keep your email and mobile phone number up to date.

2) Students should check the bulletin board of the KMU website (<http://www.kmu.ac.kr>), EDWARD System (<http://portal.kmu.ac.kr>) regularly.

3) Through the EDWARD System (EDWARD 시스템), students can check course registration, permanent grades, and course syllabuses. If Keimyung has information to deliver to students, Keimyung will contact students via their mailing address or cell phone (SMS service). Please revise these in the case they change.

4) Academic advisor assignment will be completed in the end of March/September. Please check your advisor via EDWARD System → Academics → Records → View student information: Personal info tab

- B. Completion of 32 or more hours of volunteer work at an institute which is pre-approved by Keimyung University. Students must also get approval from the KAC administration office.
 - Blood donation cannot be approved.

4) Internship

Students can complete their internship by either of the following:

- A. Getting a "Pass" grade through internship courses (15 major credits in a semester/ 3~5 credits in summer or winter semester)
- B. Completion of a non-credit internship with 96 hours or more at a company or organization which is pre-approved by both the department chair AND the KAC administration office. The application form is available on the KAC website's bulletin.

■ First Major Assignment Criteria ■

1. Application Period and Method

After the end of classes in the second semester of each academic year, students must apply during the application period officially announced by the University by indicating their order of preference between International Business (IB) and International Relations (IR).

(EDWARD System → Academic Administration → Academic Records → First Major → First Major Application)

2. Eligibility for First Major Assignment

Students who have completed two semesters of the first year.

3. Principles for First Major Assignment

a. **The number of students** to be assigned to each major within KAC will be calculated in proportion to the standard enrollment quota for the relevant academic year, based on the total number of applicants.

b. **Academic performance criteria for major assignment:**

Cumulative GPA based on total earned credits (excluding grades from summer/winter semesters and specially awarded credits). GPA will be rounded at the 5th decimal place (F grades included).

Tie-breaker priority (in order):

- (1) Higher COMpass K score
- (2) Greater number of earned credits
- (3) Fewer F grades

c. If a student who has completed two semesters and meets the eligibility requirements does not apply for first major assignment, the student will be assigned to the department/major with fewer applicants for the first-choice major.

4. Procedure for First Major Assignment

- a. First major assignments will be made sequentially, starting with each applicant's first-choice major.
- b. If the number of applicants for a major exceeds the assigned quota for that major, students will be assigned in order of academic performance.
- c. If the total number of students subject to first major assignment in KAC is an odd number, one additional student will be assigned to the major with the greater number of first-choice applicants.

■ KAC Extra-curricular Programs ■

1. Typical four-year timeline of KAC education:

1 st Year	2 nd Year	3 rd Year	4 th Year
Common Liberal Arts	Major courses	Major Courses	Major Courses
Balanced Liberal Arts	Community Services	Study Abroad (Optional)	Internship Abroad
KAC Required courses	Second Language	English Competency Test	(Vacation)

2. Summer Study Abroad Program (UC Berkeley Summer Abroad Program)

- 1) **Objective:** During the summer vacation students can receive credits (more than 3 credits) by taking classes associated with their major at a prestigious university, UC Berkeley in California, USA. They can have the opportunity to further their studies and achievements, and to develop their understanding of the international world.
- 2) **Study Abroad University:** UC Berkeley (summer session)
- 3) **Target Applicant:** 3rd year
- 4) **Application Period:** At the end of February ~ the beginning of March.
- 5) **Qualification for Application:**
 - 1 Enrolled students in their 3rd year in KAC (Students who are unable to apply during their 3rd year due to participation in official programs can apply during their 4th year. (Documentary evidence is mandatory).
 - 2 Overall GPA (including F) above 4.0
 - 3 TOEIC score above 800
- 6) **Participation fee support:** dependent on each student's scholarship.

3. English Education Program

To improve the English language skill of students with limited English proficiency, KAC provides this English Education Program during the vacation periods and process extra educational programs for excellent students so they can develop a higher level of English.

4. Special Lectures

To be international leaders, students are educated by opening a special series of lectures such as international culture, protocol, and multicultural communication. Through special lectures students can learn modern, essential internet skills related to improving computer knowledge such as website design, Photoshop, and MOS. By attending non-obligatory special lectures provided by KAC, submitting relevant

reports, and participating frequently, students can develop into international leaders with global knowledge and fluency in IT-related fields.

5. Students Teaching Assistants (TAs)

Student TAs are assigned to help other students understand their studies and to improve other students' ability in taking classes successfully. TAs will help students through reviewing and Q&A hours.

6. KAC Student Society

Each KAC student society is managed by a professor.

* List of current student societies in KAC

- NYT (New York Times & Washington Post study group), SERVUS LEDAN (Leadership Program), Soccer Club(활만해 FC), AGORA Debate Club, Frontier Podcast, etc.

▣ COMpass K ▣

『COMpass K』 is a program developed by Keimyung for managing its students' performances in order to analyze and manage students from admission to graduation. This program is designed as a points system for students to manage their performances well. Students who get high points in certain categories of COMpass K receive benefits such as overseas travel, scholarships, employment-recommendation and so on.

EDWARD SYSTEM > ACADEMICS > COMpass K

- 1) Items related to grade evaluation, credit approval, scholarship, etc., are processed in a computerized method and points are given automatically
- 2) Students input certificates, contest exhibits, volunteer work records, etc. into the EDWARD System themselves, then submit evidential documents to the Administrative Office. After that, points are given through the approval process.
- 3) It is possible to prepare target-setting, study plans, resumes, cover letters or interviews with specific professors through COMpass K.
- 4) Participation records of employment-related programs are dealt with by each department.
- 5) The Job Placement Office can input the certificate and contest exhibition records which students cannot input by themselves, if students visit the Job Placement Office.
